Welcome:

Welcome to Vision Charter School. We are excited about joining in partnership with you to help your child reach his/her full potential. As a K-12th grade College Prep Science and Arts school, our goal is to educate all students academically, socially, emotionally, and physically so they are prepared for the challenges of school, college, and his/her future career! We set high standards for academic achievement, attendance, student behavior, and expect our students to have a productive and successful school year.

In order for all students to learn and for teachers to teach, we must have a safe and orderly environment, free from disruption. To this end, we will strictly enforce a zero tolerance policy with regards to harassment, bullying, intimidation, fighting, disruption to the learning environment, name-calling and all other unkind acts and words.

You are always welcome at VCS; however, please check in at the office every time you need to enter a school building. We invite you to share your concerns or questions with us. Please feel free to make an appointment for before or after school with a teacher. The administration is committed to spending time with students and teachers and will be in classrooms much of the time. In the event that you still need assistance after meeting with your child's teacher, you may schedule an appointment with an administrator between the hours of 8:15 a.m. to 3:30 p.m. Monday through Friday.

Sincerely,

**Mrs. Oldenkamp,
Charter Administrator
K-12 Principal**

**Mr. Casey Boothby
K-12 Vice Principal**

Second Language - Students in all grades will be exposed to a second language, with a primary emphasis on Spanish.

An Enriched Curriculum For All Students - An enriched, gifted and talented curriculum will be offered for all students. At the high school level, advanced or college credit level courses will be available for all core subjects.

Attendance/Absence/Tardies

Students need to be in school to be successful. Students with high absence rates tend to perform at lower levels.

Attendance at school must be regular and punctual. Make-up work granted a student after an absence is a poor replacement for the actual class experience. A student's absence requires additional work for everyone, including the student, instructor, and school administration, which costs the school money. Students should plan on attending school every day classes are scheduled.

A student may not miss more than six (6) days a semester. Absences from a specific class may be considered as a day of absence. All students should be in physical attendance 94% of instructional time. Students should be in the classes in which they are enrolled unless they have been excused to conduct school business.

Students are expected to be on time to all of their classes. On time means the student is in their seat and ready to learn when the bell rings. Students arriving after this time will be considered tardy.

Students not meeting the attendance requirement may not receive credit even though their grades are passing. However, those students who believe that all or part of their absences are the result of extraordinary circumstances may request a review of their case.

Examples of extraordinary circumstances include the following:

1. Extended illness of such severity that the student cannot attend school regularly; verification of the extended illness must be obtained from a licensed health official.
2. Involvement in an accident or other illness which may preclude regular attendance until full recuperation; verification of the need to be away from the school setting until recuperated must be obtained from a licensed health official.
3. Educational and travel programs initiated by the parents and/or students that are neither sanctioned nor sponsored by the school.
4. Absences that are beyond the control of the student, parent, or school.

A Review Committee, appointed by the Principal, will examine the student's records and may approve a waiver of the loss of credit. The records of the student, which may be considered, will include the following:

1. Attendance for the current year and previous year and semester, specifically including the number of absences which occurred, and the amount and type of extended illness.
2. Grades for the current and previous year and semester, specifically including the subject or grade under consideration.
3. Make-up work missed, including whether the work was made up prior to the absence or after the absence.
4. Make-up time missed in supervised attendance during the school year or during the period immediately following the completion of the school year.

If the Review Committee does not approve the waiver of the loss of credit, the student may request a determination by the Appeals Board, consisting of the Principal and Board of Directors. A final determination will be made from materials presented to this Appeals Board.

Appeals Process: Appeal forms will be given to each student with excessive absences near the end of each semester. A letter requesting a waiver of attendance policy should be submitted to the Administrator at the end of each semester. Any physician's statement or appropriate verification of absence should accompany this letter. The Review Committee will convene to review all requests for waiver of attendance policy. Recommendations not to grant credit may be appealed by the parents to the Appeals Board. A personal appearance may be requested by the parent to attend the Review Board and/or Appeals Board hearings.

Excused absence: Any absence that is approved by the parent or school. The student has the opportunity to make up work in classes missed.

Truancy: Absence from classes without the approval of the parent or school authorities.

Truancy Process:

First truancy: A conference will be held between the school Principal and the student. The parents will be notified. The student will be required to make up all work missed.

Second Truancy: A conference will be held with the student, parent, and school Principal. The student will be required to make up all work missed. Appropriate authorities will be contacted.

Third truancy: A conference will be held with the student, parent, and school Principal. The student may be referred to the Appeals Board for consideration of loss of credit and action. Appropriate authorities will be contacted.

Students will have two days for an excused absence to make up work. It is the student's responsibility to request make-up work. When a student has had an excused absence for three consecutive days, the parent may request make-up work be sent to the office for pick up. Requested work will be available the next school day by 3:30 p.m.

If your child is going to be absent from school please call the school before 8:15 a.m. or leave a message on the school answering machine. If we don't hear from you, we are obligated to verify the absence.

All school communication:

Please go to visioncharter.net and sign up for the school newsletter. It is sent directly to your email weekly with updates about school events. We do not send home paper copies of this newsletter. You may also go to our Facebook page to receive up to date information about events happening at VCS in all grades. Email Mrs. Bowers at amybowers@visioncsd.org to receive instructions to set up your Parent Portal Account. This is the same place that you will set your personal preferences for being contacted in the event of an emergency.

K-5th Home/School Communications:

Notes and papers from school come home in the WEEKLY FOLDER. Please return the folder the next school day. We also encourage you to contact your child's teacher with any questions or concerns. Working as a team benefits your child. You may contact your child's teacher by e-mail, note, or phone message. Email addresses are listed at the front of this handbook and on our website at visioncharter.net. **E-mail is the fastest way to reach a teacher or administrator.** Parents are encouraged to check their 2nd-5th grade child's attendance, progress reports, and grades through Parent Portal. Contact Amy Bowers at amybowers@visioncsd.org to receive instructions to use the Parent Portal and your password. Parents are encouraged to attend all Parent Teacher Conferences and watch the informational video created by your child's teacher which is located on their blog on visioncharter.net. New this year for second through twelfth grade all assignments will be entered when they are assigned with due dates that extend past the day it was assigned. This will allow parents and students to bring up the students' agenda in infinite campus which will populate with all upcoming due dates of schoolwork from all of their teachers in one location. Parents and students will go to the Parent Portal in Infinite Campus to get all information about due dates for homework for all of their children!

Picking students up prior to the close of learning time:

Parents are discouraged from picking up students prior to the close of school and learning. It disrupts the classroom and shows disrespect for the teacher and students. Learning extends to the very end of the day. Therefore, parents who pick up their children early from school on a regular basis will need to meet with the administrator and teacher to discuss these concerns and work to remedy the situation to protect the integrity of the classroom learning environment and minimize disruptions. If remedies are not realized, the student's early withdrawals from class will be treated as absences and the child will be bound by the attendance policy and responsible to the Attendance Review Committee in the same manner afforded to excessive absences. **Students will not be called to the**

office for early pickup prior to a parent, guardian, or authorized person's arrival in the office to sign the student out.

Chronically tardy students:

Parents are discouraged from bringing students late to class. School starts at 8:07 promptly. The teacher has prepared pivotal learning for your child from 8:07-3:15 . VCS prides itself on not having wasted learning time. A tardy student disrupts the entire class and shows disrespect for the teacher and students. The beginning of the day is pivotal learning time for your child. Parents who continually deliver their children late to school will need to meet with the administrator and teacher to discuss these concerns and work to remedy the situation to protect the integrity of the classroom learning environment and minimize disruptions. If remedies are not found, the students' tardies will be treated as absences and the child will be bound by the attendance policy and responsible to the Attendance Review Committee in the same manner afforded to excessive absences

Before and After School:

We do not provide supervision of any kind prior to 7:45 a.m. on school days.

Students are expected to exit the building and school grounds by the established exit route and not linger on the school grounds.

- Bikes, scooters, and skateboards are to be walked off the grounds.
- Bikes may be chained to the bike racks. Skateboards must be kept in the student's locker or in the administration office. **Skateboards may not be ridden on school property.**
- Bus pick-up and drop off area is inside of the Vision Parking lot along the West side of the sidewalk.
- Students are expected to respect people and property to/from home.

IMPORTANT INFO FOR PICKING UP CHILDREN AT VCS:

-School dismisses at 3:10 for Kinder, 3:13 for 1st – 3rd, and 3:15 for 4th-5th

PICK UP PROCEDURE CHANGES:

When parents begin arriving for pickup, they need to make one straight line heading South on Ward Road. Once all 6 buses have arrived, the first car in the line may drive forward to move the line up behind the last parked bus and not past the end of the loading area.

-Students will be dismissed through the opening in the white fence closest to the secondary building to load into cars.

-Students will only be loaded in cars in the right-most lane. The outer, left lane, is for cars exiting the pickup line only. **Students will not be allowed to load into cars in the outer, left lane.**

Each car will need a sign to hang down from the rear view mirror displaying the last name of your student(s). You can pick a sign up at the back to school night, or you may pick one up from the front office at any time.

*The last name of the students for the first car will be called, and those children will be asked to step forward. Once they are safely in their car, the next car will pull up and the process will continue.

*If your child is being picked up by someone other than his/her parent, please send a note to the front office or call the office prior to 2:45 p.m. to speed the pick-up process. If after 2:45pm, the office cannot guarantee that a route change will be issued in time to your student giving them new instructions.

*Once we start putting kids in cars, it should take only a matter of minutes to get everyone on their way! **Please stay in your car and move up with the line.** This will lead to more order, better management of traffic, and a safer environment for the children.

*Do not block the subdivision to the south of the school while moving forward in line. Do not cut in front of someone respectfully leaving a space for the subdivision entrance and waiting until it is their turn to move forward.

*Do not park in front of the north student only parking lot exit. Leave an opening until it is your turn to move forward.

If you prefer to pick your child up and not wait in line, you may park in the marked patron parking spots in front of the secondary building and, using the crosswalks, walk to the attendant located at the flag pole. A line will form to the right of the attendant. You may NOT wave or call to your children to come to you when standing in the parking lot. You MUST wait in line, show your ID, ask the attendant in the orange or yellow vest to call your child. Your child will then be released to you and you will be able to escort them to your car using the designated cross walks. **Sixth-twelfth grade students may properly cross in the marked crossing areas to walk to their parked car after school.**

Parents are welcome to send a note allowing their children to walk home daily or “walk” to their car in line. Some parents find it more convenient to park in the subdivision next to the school or at a designated place to meet and to have their child walk to them daily.

If you have children in multiple grade levels, please wait to get in the line until the oldest child’s release time to allow the younger students who are released earlier to load and leave before your children are released. All children have a fenced in and supervised location to wait for their parent’s to arrive for pick up.

PLEASE RESPECT THE FOLLOWING GUIDELINES:

1. Do not pull up on the opposing side of Ward. Students will not be allowed to cross to your car. You will be instructed to get back into the pick-up line. This is for student safety.
2. Please stay in your cars. This process will only work if we are all doing the same thing.
3. Do not expect the safety rules to be broken because you are in a hurry. Student safety is our priority. If you schedule an appointment for your child, come to the office fifteen minutes before school releases and pick your child up.
4. Do not under any circumstances try to get your child out of the bus line or off a bus. Ask a staff member or go the office to get help.

Bus Transportation:

Transportation is provided by Brown Bus Company. Students are not allowed to ride a bus other than their assigned bus or change normal transportation plans without written authorization from a parent or guardian. Students who do not have notes will be sent home on their regular bus.

To ensure a safe bus ride, students are expected to conduct themselves in a safe, orderly, and courteous manner. **Bus Citations:** The driver may issue bus citations for inappropriate or dangerous behavior or vandalism on the bus. Citations may result in suspension of bus riding privileges or consequences at the school. **Severe Clause:** The administrator and/or Brown Bus Company., in agreement with the Vision Charter Board, reserves the right to suspend bus riding privileges at any

time in the case of severe misbehavior. Any student caught using a laser pointer on the bus will be given a citation for an extreme safety violation that will result in an immediate suspension from the bus.

****Students riding the bus to the YMCA after school MUST have a signed form from the YMCA indicating they are members. Parents must sign this form and students MUST provide a copy to the bus driver and the school office. No exception can be made for guest attending the YMCA after school with a friend, etc.**

Electronic Communication Devices:

K-5th grade students may have their phone on before and after school. From 8:07 until school releases the phone must be off and in their backpack during class time. A student who has his/her cell phone or electronic device ON or out of his/her backpack during class without express permission from his/her teacher during school hours will have his/her cell phone or electronic communication device confiscated, will have his or her parent called, and a parent must pick the item up from the office. This will be recorded as a warning. The second incident will result in the item being confiscated, parents called, parents must pick the item up from the office, and a detention will be given. The third incident and all further incidents will be considered defiance and a disruption to the learning environment. A discipline referral and consequences will be administered. Vision School shall not be responsible for loss, theft, or destruction of devices brought onto school property.

Students found using an electronic communications device to send or receive personal messages, data, or information that would contribute to or constitute cheating on tests or examinations shall be subject to discipline including zeros on all assignments in that class period, discipline referral for cheating, and the device shall be confiscated and not returned until a parent picks it up from the office. Students shall comply with any additional rules developed by the school concerning appropriate use of telecommunication or other electronic devices.

Students who violate the provisions of this policy are subject to disciplinary action, including but not limited to losing the privilege of bringing the device onto school property, detention, suspension, or expulsion. In addition, an administrator will confiscate the device, which shall only be returned to the student's parent(s)/guardian(s). When appropriate, police authorities may be contacted.

K-5th Late Work:

Unexcused late work will be assigned as homework or assigned for completion during recess or in place of attending an enrichment club. Unexcused late work will not be accepted for full credit, and will lose 25% credit per each day late.

Students who score less than a "C" on a test will be able to retake a test one time, within three days of the original test. The student will be given the new score; however, the final score assigned to the student for the makeup test will not exceed 85%.

K-5th Homework Policy:

Reading homework will consist of a minimum of twenty minutes of reading per night for all students. Students will be held accountable for reading logs to verify home reading time. Math homework is part of our charter and will be assigned daily, or weekly, based on the teacher's professional judgment. Homework will be of the highest learning value and an extension of the classroom.

Students who do not complete work at school will be required to complete assignments at home, during a portion of their recess, or in place of attending an enrichment club. New homework will not be assigned over weekends, holidays, or breaks.

Homework may be assigned for any of the following reasons:

1. As make up work due to excused absences.

2. Finishing work not completed at school for which time has been given to do so in class.
3. To help students master specific skills which have been presented in class.
4. To help students prepare for the next step in a unit or study for a quiz or test.
5. To complete research projects or other occasional projects.
6. To gather personal information.

Homework for young students should help them develop good study habits and responsibility. It also reinforces learning of simple skills introduced in class.

Homework in intermediate grades and up fosters improved school achievement and increased test scores.

Basic guidelines for homework:

K -3 20 -40 minutes four nights a week

4-5 30-60 minutes four nights a week

Mastery of Grade Level Expectations for K-5th:

Students not performing at grade level in math and/or reading may not be promoted. Students may regain eligibility for promotion through 96% attendance at summer school and evidence of significant growth and mastery of grade level expectations as determined by the teacher and administrator.

Parents and students may appeal the decision of the staff for retention or mandatory summer school. The appeal will be made in writing within fifteen days of the notice for retention or mandatory summer school to be eligible for promotion. The written appeal must outline any evidence, argument, or extenuating circumstances impacting the student's academic progress throughout the year. The appeals committee will be made up of the administrator, two staff members, and two board members. The decision of the appeals board will be considered final. The parent and student may be requested to appear before the appeals board if determined necessary by the appeals board.

For all grades, promotion of all special education students is at the discretion of the IEP team.

Telephone Use / Messages:

The school telephone is for school business. We make an effort to provide uninterrupted learning time for your child. We will not call your child from the classroom to the telephone except in the case of an emergency. Please discuss after school activities with your child in the morning because students will not be permitted to use the phone during the day except in the case of an emergency.

Textbook/ Library Procedures:

Students are responsible for maintaining and keeping all textbook(s) issued throughout the school year until time of textbook collection. If textbook/s are damaged, lost or destroyed students are responsible for covering the cost of the new textbook/s. The fine shall be paid prior to the last day of school. If a student cannot pay the textbook/s fees immediately due to financial hardship he/she will need to notify the teacher/s. Alternative payment plans for replacing the lost textbook may be arranged. Students who have not paid textbook fees or arranged an alternative plan for payment of lost, damaged or destroyed books will not be provided the final report card until all fines have been paid. This same process will apply to library books that are checked out and not returned.

Plagiarism:

Students attending Vision Charter School are expected to be responsible for their academic work in all instances. Students will maintain academic integrity by exercising self-discipline, determining the right thing to do and doing it, and working cooperatively with others and independently when appropriate. Cheating will not be tolerated. Any student who commits an act of cheating will receive no credit for the assignment. In addition, appropriate disciplinary action will be taken. If the student is

a member of National Honor Society, he or she will be dismissed from the Honor Society. Students, staff, and parents at Vision Charter School are committed to academic integrity.

Plagiarism involves the use of another's ideas, words, or creative products without proper attribution (citing the source). Attribution includes, but is not limited to, using quotation marks around direct quotes taken from a source. Proper attribution also includes citing the source(s) in parenthetical citation and/or a bibliography. At Vision Charter School plagiarism will not be tolerated. Any student who commits an act of plagiarism will receive no credit for the assignment and a referral will be written for dishonest behavior. Counselors are required to include a statement of academic integrity when a student submits a college application. In addition, if a pattern of plagiarism or dishonest behavior is established, the student may be suspended or expelled as per Vision Charter School Board policy. If the student is a member of National Honor Society, he or she will be dismissed from the Society. Always, always, always cite your sources! Teachers have tools to check the student's sources if plagiarism is suspected.

Do not copy another student's work. This constitutes cheating. Do not give your work to another student to copy. By doing so, you assist another student to plagiarize or cheat, and the consequences will be the same as listed above.

Visitors:

All visitors must check in at the Main Entrance to obtain a Visitor Pass. Anyone, including parents, who attempts to enter any portion of the school grounds without a visitor pass will be directed back to the office to obtain a pass. Parents are encouraged to join students for lunch in the lunchroom. Students are not allowed to have other student visitors accompany them for the day or during the lunch break.

Volunteers:

We welcome and encourage you to volunteer. Volunteers may help in a variety of ways at the elementary level. If you are interested in volunteering, please contact your child's teacher to discuss a variety of ways to get involved in the classroom. Parents are expected to pre-arrange their visits with the teacher so that the teacher may be prepared to maximize volunteerism and to ensure that visitors are not a distraction to the learning environment. Please make arrangements to volunteer when your younger children are being cared for in a different setting. You are also encouraged to contact Mrs. Oldenkamp at wendyoldenkamp@visioncsd.org to volunteer outside of the classroom. We are looking for parent volunteers who would be interested in volunteering in the library, cafeteria, walking on the track, or playing sports with students at recess.

Siblings on Field Trips:

Younger siblings will not be allowed to attend field trips even if a parent would be able to chaperone. This decision is to protect the liability of the school and the learning environment of the other students.

Parent Faculty Committee:

Please watch the school newsletter for specific Parent Faculty Committee meetings and opportunities to help plan school wide community building events.

Checking Children Out of Class or off the Bus or Bus Line:

If you need to pick up your child during the school day, please follow the procedures below. For safety purposes, students will not be released to any person other than parent/guardian without written authorization from the parent/guardian.

- Sign student out on the check-out sheet at reception desk. Please DO NOT go directly to the

student's classroom.

- Provide identification (driver's license) establishing your relationship with the child.
- If your name does not appear on the enrollment form, you may not pick up the child without written authorization from the parent/guardian.
- Additional measures may be necessary to establish permission to pick up a student. We appreciate your patience with our safety measures. As we become familiar with parents' faces, identification may not be necessary each time for check-out.
- If you wish to check your child out when he/she is in a bus line or on the bus, please check out the student with the office and the office will notify the staff member on duty.
- **Students will not be called to the office for early pickup prior to a parent, guardian, or authorized person's arrival in the office to sign the student out.**

Lunch:

If a student forgets his/her lunch they will be served a package of cheese crackers and water if the parent marked no to the emergency lunch option at the end of this handbook. If the parent marks "yes" to emergency lunches, the student may not charge more than twice or they will be served a cheese crackers and water until the charges have been paid. We will send a note home notifying you of the missing lunch. Parents MAY NOT interrupt the learning environment to deliver a lunch to a student's room. It may be dropped off at the office.

Health:

Please let the office know if your child has anything contagious. A child should not attend school if he/she has any of the following:

- Temperature of 100 degrees or higher
- Vomiting or diarrhea
- Nasal discharge of yellow/green color
- Cough in combination with any of the above
- Any other contagious condition including chicken pox, mumps, rash, head lice, or scabies
- An unidentified rash

**If symptoms occur during the school day, a call will be placed to a parent and the student will need to be picked up in a timely manner.

Injury/Insurance:

Even with the greatest precautions and the closest supervision, accidents can and do happen at school. Vision Charter does not provide medical insurance to pay for medical expenses when students are injured at school. This is the responsibility of the parent/guardian. We can only administer simple first aid. In emergency cases, where parents cannot be contacted, the school will call for assistance from paramedics. The cost of transport by paramedics and/or ambulance will be the responsibility of the parents. It is imperative that we have your current home and business telephone numbers and two emergency contact persons. Parents are required to notify the school of any address or phone changes.

Medication Policy:

Medication should be taken at home. However, if a child is to take prescription medication during school hours, an "Authorization to Administer Medication" form must be submitted to the school office. Forms are available at most doctors' offices and in the school office. The form needs to be signed by the doctor and a parent or guardian. Also, an updated authorization form will be required each time a change is made in the prescription. Medication must be delivered to school by the parent. The medication must be in the original container with specific instructions for administration. No more than one week's supply is to be brought to school. All medication will be kept in a secure area in the school office. Medication will not be kept in the classroom. It is the student's responsibility to come to the office at the appropriate time to take the medication. In the event of a doctor notice stating that the

child needs an inhaler, epi-pen, or other life-saving medication in the classroom, the medication will be kept in a safe location to prevent other children from being exposed to the medication. In the event it is necessary to have the medication on the playground, the medication will be kept in the supervising teacher's possession. It is the student's responsibility to come to the office or staff member at the appropriate time to take the medication. In the event that your child has a prescription epi-pen, inhaler, or is a diabetic and has extenuating circumstances where he/she needs to keep it with them at all times, please contact the office for additional information. Over the counter medication may not be brought to school by a child. If a child needs to take acetaminophen, antacid such as Tums, Ibuprofen, or a cough drop we can provide these over the counter medications from the office with a signed note from a parent or permission noted on the enrollment form. We can't administer over the counter medication brought from home. We will administer over the counter medication purchased by the school with parent permission.

Immunizations:

Idaho State Law requires that all students be immunized against diphtheria, whooping cough, varicella, tetanus (DPT), polio, measles, rubella, hepatitis B, and mumps. Parents must submit a record of their child's immunization status to the school upon enrollment. Children WILL be excluded from attending school if the requirements are not met. There is a waiver available for personal or medical reasons. Please contact your family physician if you have any questions.

Lice:

***It is the policy of Vision Charter School to exclude all students who are found to have head lice, including the presence of nits (eggs). If nits or live lice are still present, the child will be sent home and will not be readmitted until all evidence of head lice is absent. A parent MUST accompany the child upon his/her return to school. A form stating the remedy used, dates treated, and parent signature must be submitted at this time. Children should be back in school as soon as possible after treatment.

DISCIPLINE POLICY:

Vision Charter School has a zero tolerance policy for drugs and weapons. Students in possession of drugs or weapons will be automatically suspended with an expulsion hearing in front of the Board of Director.

Suspension and Expulsion:

The Idaho Legislature has empowered public schools to provide temporary suspension and for the expulsion of individual students when circumstances demonstrate that such action is necessary for the protection of the rights of other students, necessary for the orderly operation of the school process, and/or necessary for the protection of the safety of other students.

Suspension: Authority to temporarily suspend students has been delegated by the Idaho legislature to principals, administrators, and School Board of Directors. No person other than the school administrator or the Board of Directors may suspend a student from Vision Charter School.

Grounds for suspension may include the following:

A student may be suspended for disciplinary reasons, or for other conduct that is disruptive and detrimental to the instructional process of the school, or to the health and safety of other students and the general climate of the school.

A student may also be suspended when, in the judgement of the Administrator, the suspension is necessary to protect the health, welfare, or safety of the student or other students of the school.

Period of suspension: A temporary suspension by the Administrator shall not exceed five (5) school days in length. Upon appeal to the Board of Directors, the suspension may be extended for an additional ten (10) days. This appeal for an additional suspension would only be granted if there was a finding by the Board that immediate return to school attendance by the temporarily suspended student would be detrimental to other pupil's health, safety, or welfare.

Procedure for suspension:

Prior to suspension, steps will be taken to ensure compliance with all applicable policies and procedures. Prior to suspension, unless an emergency exists, the Principal shall grant the student an informal hearing on the reasons for the suspension. The student shall be given the opportunity to challenge the reasons for the suspension and explain the circumstances surrounding the event. If the student is suspended, a complete explanation will be given orally and in writing to the student regarding the terms or conditions required to lift the suspension. Written notice describing the reasons for the suspension, term of the suspension, and conditions required to lift the suspension shall be delivered or mailed to the parent or guardian. The Board of Directors shall receive a copy of the written notice delivered to the parent or guardian.

Only the Appeals Board, consisting of the Administrator and the Board of Directors, may expel a student. If a Special Education or Special Services student accumulates, or is likely to accumulate, more than ten (10) days of suspension in a school year, the student's IEP team must be convened to determine if the current program and placement are appropriate and if the behavior is related to the student's disability. Based on this determination, the IEP Team shall make needed modifications to the student's IEP.

Disciplinary Policies and Procedures:

A student may be expelled only for the following reasons:

When the student is a habitual truant

When the student is incorrigible

When the student's conduct is such as to be continually disruptive to the instructional effectiveness of the school.

When the student carries a firearm, dirk knife, bowie knife, dagger, metal knuckles or other deadly or dangerous weapon concealed on or about his or her person while on the property of the school.

When the student's presence in the school is detrimental to the health, safety, or welfare of other students or staff.

Procedure for Expulsion:

Formal Hearing:

When events or circumstances are such that a student faces expulsion from school, the following will occur:

The student and the parents or guardian shall be notified of:

The grounds of the proposed expulsion and the date, time, and place where a full and fair hearing of the expulsion will be held. The right to be represented by legal counsel. The privilege against self-incrimination. The right to confront and cross-examine adult witnesses who testify against him/ her and to submit evidence on his/her own behalf. The student and the parent or guardian shall be provided a written copy of the charges. The student's home district will be notified of the hearing and may have a representative in attendance at the hearing. If a student is expelled, the Board of Trustees of the student's home district will hold a hearing to determine if the student will be allowed to attend another school within their district. Expelled students within the age of compulsory attendance fall under the purview of the Juvenile Corrections Act, and an authorized representative of the Board of Directors shall, within five (5) days, give a written notice of the expulsion to both the local districts and the Prosecuting Attorney of the county in which the student resides.

Minor infractions will be handled at the K-5th grade level by using a Reflection Form that allows the child the opportunity to reflect and plan how they are going to fix the problem and make better choices in the future. This is not sent home. The Classroom Teacher/Specials teacher giving the Reflection form will keep these reflection forms to show evidence of low level attempts to curb behavior.

Incident Report Forms will be used to inform the parent of the concerns that have not been able to be curbed at the lowest level. Depending upon the situation, the Incident Report Form will inform the parent that this level of intervention is an attempt to have the parent help curb the behavior prior to the child being sent to the administrator for a discipline referral. It may be informational or it may state that continued incidents of the same behavior will result in a referral to the administrator.

The following definitions and procedures shall be used for reporting, investigating, and resolving complaints of hazing, harassment, intimidation, bullying, and cyber bullying.

Definitions

“Third parties” include, but are not limited to, coaches, school volunteers, parents, school visitors, service contractors, or others engaged in Charter School business, such as employees of businesses or organizations participating in cooperative work programs with the Charter School and others not directly subject to Charter School control at Charter School athletic competitions or other school events.

“Charter School” includes Charter School facilities, Charter School property, buses, electronic technology or electronic communication equipment on Charter School computers, networks, or forums and non-school property if the student or employee is at any Charter School-

“Hazing” includes, but is not limited to, any act that recklessly or intentionally endangers the mental health, physical health or safety of a student for the purpose of initiation or as a condition or precondition of attaining membership in, or affiliation with, any school-sponsored activity or grade level attainment, such as forced consumption of any drink, alcoholic beverage, drug or controlled substance; forced exposure to the elements; forced prolonged exclusion from social contact; sleep deprivation; or any other forced activity that could adversely affect the mental or physical health or safety of a student; requires, encourages, authorizes or permits another to be subject to wearing or carrying any obscene or physically burdensome article, assignment of pranks to be performed or other such activities intended to degrade or humiliate.

“Harassment” includes, but is not limited to, any act which subjects an individual or group to unwanted, abusive behavior of a nonverbal, verbal, written, electronic, or physical nature on the basis of an actual or perceived characteristic, including but not limited to age, race, religion, color, national origin, disability, marital status, gender, gender identity and expression, sexual orientation, physical characteristic, cultural background, socioeconomic status, geographic location, familial status, or weight.

“Harassment, intimidation or bullying” means any act that substantially interferes with or disrupts the educational environment or impinges on the rights of other students at school, a student’s opportunities, or performance that takes place on or immediately adjacent to school grounds, school property, at any school-sponsored activity, on school-provided transportation or at any official school bus stop, and that has the effect of:

- A. Harming a student or damaging a student’s property;

In the situation that cyber bullying originated from a non-school computer, but has been brought to the attention of school officials, any disciplinary actions shall be based on whether the conduct is reasonably expected to materially and substantially interfere with or disrupt educational environment of the school or impinge on the rights of other students at school and/or in violation of Charter School policy or state law. In addition, such conduct must also be in violation of a school policy or state law. Administration shall in their discretion contact local law enforcement.

“Intimidation” includes, but is not limited to, any threat or act intended to tamper, substantially damage, or interfere with another’s property; cause substantial inconvenience; subject another to offensive physical contact; or inflict serious physical injury on the basis of race, color, religion, national origin, or sexual orientation.

Retaliation/False Charges

Retaliation against any person who reports, is thought to have reported, files a complaint, or otherwise participates in an investigation or inquiry is prohibited. Such retaliation shall be considered a serious violation of Board policy independent of whether a complaint is substantiated. False charges shall also be regarded as a serious offense and will result in disciplinary action or other appropriate sanctions.

Confidentiality

It is recognized that harassment, hazing, intimidation, bullying, and cyber bullying is often very distressing for the victim and those who suffer as a result of such actions may be reluctant to make their concerns known. All reasonable steps will be taken to ensure that all inquiries and/or complaints are dealt with allowing for as much confidentiality as can be provided while at the same time allowing for a thorough and appropriate investigation and reporting, where appropriate.

Complaint Procedures

The Principal has the responsibility for investigations concerning hazing, harassment, intimidation, bullying, or cyber-bullying. The investigator(s) shall be a neutral party having had no involvement in the complaint presented.

Any student, employee or third party who has knowledge of conduct in violation of this policy or feels he or she has been a victim of hazing, harassment, intimidation, bullying, or cyber-bullying in violation of this policy shall immediately report his or her concerns.

All complaints will be promptly investigated in accordance with the following procedures:

Step I: Any hazing, harassment, intimidation, bullying, or cyber-bullying, information (complaints, rumors, etc.) shall be presented to the Principal. Complaints against the Principal shall be filed with the Board of Directors. All such information will be reduced to writing and will include the specific nature of the offense and corresponding dates.

Step II: The school official receiving the complaint shall promptly investigate or refer the complaint to an appropriate colleague or outside party for investigation. Parents will be notified of the nature of any complaint involving their student. The school official will arrange such meetings as may be necessary with all concerned parties within 10 working days after receipt of the information or complaint. The parties will have an opportunity to submit evidence and a list of witnesses. All findings related to the complaint will be reduced to writing. The school official(s) conducting the investigation shall notify the complainant and parents (as appropriate) in writing when the investigation is concluded and a decision regarding disciplinary action, as warranted, is determined. Due to the requirements of the Family Educational Rights and Privacy Act, it will often not be possible to provide complainants and parents with detailed information on disciplinary actions taken against another student.

A copy of the notification letter or the date and details of notification to the complainant, together with any other documentation related to the incident, including disciplinary action taken or recommended, shall be forwarded to the Principal.

Step III: If the complainant is not satisfied with the decision at Step II, he or she may submit a written appeal to the Principal or designee. Such appeal must be filed within 10 working days after receipt of the Step II decision. The Principal or designee will arrange such meetings with the complainant and other affected parties as deemed necessary to discuss the appeal. The principal or designee shall provide a written decision to the complainant's appeal within 10 working days.

Step IV: If the complainant is not satisfied with the decision at Step III, a written appeal may be filed with the Board of Directors. Such appeal must be filed within 10 working days after receipt of the Step III decision. The Board shall, within 10 working days, conduct an informal review at which time the complainant shall be given an opportunity to present the complaint and the Charter School's administration to respond if they so desire. The course and conduct of this proceeding shall be informal and shall be at the sole discretion of the Board. The Board shall provide a written decision to the complainant within 10 working days following completion of the informal review.

Direct complaints related to educational programs and services may be made to the U.S. Department of Education, Office for Civil Rights.

Documentation and Reporting

Documentation related to the incident may be maintained as a part of the student's education records. Additionally, a copy of all hazing, harassment, intimidation, bullying, or cyber-bullying, complaints and documentation will be maintained as a confidential file in the Charter School Office and reported as required by the State Department of Education.

Uniform Grievance Procedure:

It is the Board's desire that administrative procedures for settling complaints and grievances of any and all persons (i.e., staff, students, patrons, hereinafter "Grievant") be an orderly process within which solutions may be pursued. Further, that the procedure provide prompt and equitable resolution at the lowest possible administrative level. Additionally, it is the Board's desire that each grievant be assured an opportunity for orderly presentation and review of complaints without fear of reprisal.

Grievance Procedure

This grievance procedure should be followed if a grievant believes that the Board, its employees or agents have violated the grievant's rights guaranteed by the State or federal constitutions, State or federal statutes, or Board policy.

The District will endeavor to respond to and resolve complaints without resorting to this grievance procedure and, if a complaint is filed, to address the complaint promptly and equitably. The right of a person to prompt and equitable resolution of the complaint filed hereunder shall not be impaired by the person's pursuit of other remedies. Use of this grievance procedure is not a prerequisite to the pursuit of other remedies, and use of this grievance procedure does not extend any filing deadline related to the pursuit of other remedies.

Level 1: Informal

A grievant with a complaint is encouraged to first discuss it with the teacher, counselor, or building administrator involved, with the objective of resolving the matter promptly and informally. An exception is that complaints of sexual harassment should be discussed with the first line administrator that is not involved in the alleged harassment.

Level 2: Principal

If the complaint is not resolved at Level 1, the grievant may file a written grievance stating: 1) the nature of the grievance and 2) the remedy requested. It must be signed and dated by the grievant. The Level 2 written grievance must be filed with the principal within sixty (60) days of the event or incident, or from the date the grievant could reasonably become aware of such occurrence.

If the complaint alleges a violation of Board policy or procedure, the principal shall investigate and attempt to resolve the complaint. If either party is not satisfied with the principal's decision, the grievance may be advanced to Level 3 by requesting in writing that the Charter Director review the

principal's decision. This request must be submitted to the Charter Director within fifteen (15) days of the principal's decision.

If the complaint alleges a violation of Title IX, Title II, Section 504 of the Rehabilitation Act, or sexual harassment, the principal shall turn the complaint over to the Nondiscrimination Coordinator who shall investigate the complaint. The District has appointed Nondiscrimination Coordinators to assist in the handling of discrimination complaints. The Coordinator will complete the investigation and file the report with the Charter Director within thirty (30) days after receipt of the written grievance. The Coordinator may hire an outside investigator if necessary. If the Charter Director agrees with the recommendation of the Coordinator, the recommendation will be implemented. If the Charter Director rejects the recommendation of the Coordinator, and/or either party is not satisfied with the recommendations from Level 2, either party may make a written appeal within fifteen (15) days of receiving the report of the Coordinator to the Board for a hearing.

Level 3: Charter Director

Upon receipt of the request for review, the Charter Director shall schedule a meeting between the parties and the principal. The parties shall be afforded the opportunity to either dispute or concur with the principal's report. The Charter Director shall decide the matter within ten (10) days of the meeting and shall notify the parties in writing of the decision. If the Charter Director agrees with the recommendation of the principal, the recommendation will be implemented. If the Charter Director rejects the recommendation of the principal, the matter may either be referred to an outside investigator for further review or resolved by the Charter Director.

If either party is not satisfied with the decision of the Charter Director, the Board is the next avenue for appeal. A written appeal must be submitted to the Board within fifteen (15) days of receiving the Charter Director's decision. The Board is the policy-making body of the school, however, and appeals to that level must be based solely on whether or not policy has been followed. Any individual appealing a decision of the Charter Director to the Board bears the burden of proving a failure to follow Board policy.

Level 4: The Board

Upon receipt of a written appeal of the decision of the Charter Director, and assuming the individual alleges a failure to follow Board policy, the matter shall be placed on the agenda of the Board for consideration not later than their next regularly scheduled meeting if the appeal is filed a minimum of seven days prior to the next regularly scheduled meeting. A decision shall be made and reported in writing to all parties within thirty (30) days of that meeting. The decision of the Board will be final. To file a grievance, pick up a grievance form in the office.

Wellness Policy:

VISION GUIDELINES:

The school wellness committee shall encourage participation from the following stakeholders: school administration, the school board, physical education teachers, school health professionals, food service employees, students, parents, and community members. The committee will be responsible for the development, implementation, review, and update of this school wellness policy.

LOCAL SCHOOL WELLNESS POLICY

Vision Charter School strives to support a school environment that enhances the ability of students to learn and achieve. Since it is well established that health and well-being are key components to a student’s ability to learn and achieve¹, this district shall work to provide students with a healthy environment. The goal of the board is to encourage a healthy lifestyle for students by providing nutrition education, promoting healthy food choices, providing opportunities for physical activity, and other school-based wellness activities. The district will engage individuals from the district and community to participate in developing, implementing, monitoring, and reviewing this and other related school wellness policies.

SCHOOL NUTRITION PROGRAMS

The district’s school nutrition programs will prepare and serve nutritious, well-balanced, and age-appropriate meals, á la carte foods, snacks, and beverages that comply with current USDA regulations. In order to adhere to these nutrition standards, the school nutrition program will serve a variety of whole grains, fruits, vegetables, and low fat dairy products. Water will be available to students at no charge in the place where meals are served during meal service.

The district will consult with a dietitian to review the menu and ensure that it meets federal guidelines. The Food Service Director shall solicit feedback from students, staff, and parents regarding the offered foods and beverages. Nutritional information such as calories, saturated fat, and sodium content of foods shall be made available in the cafeteria and district website.

Vision Charter will provide adequate time to eat during meal periods. Vision Charter will develop schedules that allow students at least 10 minutes to eat breakfast and at least 20 minutes to eat lunch once they are seated. When possible, lunch will follow the recess period to better support the consumption of healthy foods and improve learning opportunities. To the extent possible, school, recess, and transportation schedules will be designed to encourage participation in school meal programs. Teachers are discouraged from scheduling tutoring, club or organizational meetings, or activities during mealtimes, unless the student(s) may eat during such activities.

The Food Service Director will utilize a full Hazard Analysis and Critical Control Points (HACCP) Plan to ensure food safety practices are implemented and followed.

To the maximum extent practicable, Vision Charter School will participate in available federal school meal programs, including the School Breakfast Program, National School Lunch Program, Summer Food Service Program, and Afterschool Snack Program.

School meals served through the National School Lunch and Breakfast Programs will meet or exceed nutrition and meal pattern requirements established by local, state, and federal statutes and regulations.

Free and Reduced Price Meals

The district will provide free and reduced-price breakfasts and lunches to students according to the terms of the National School Lunch and Breakfast programs and the laws and rules of the state.

All Foods and Beverages Sold in Schools

All foods and beverages sold to students on the school campus during the school day will comply with Smart Snack Regulations. This includes food items sold through à la carte lines, vending machines, snack bars, student stores, and fundraising activities. The district will utilize the Alliance for a Healthier Generation's Smart Snack Product Calculator to determine product compliance when considering food items to sell to students during the school day. Per USDA, the school day is defined as midnight the night before to 30 min after the end of the instructional day. Food and beverage marketing and advertising will be limited to only those foods and beverages that align with the most recent Dietary Guidelines for Americans except for Administratively approved exempted fundraisers.

FUNDRAISING

All foods sold to students must be tracked and compared to Smart Snack standards. If foods and beverages do not follow the Smart Snacks regulations, the fundraising organization must request an exemption from the appointed district administrator. Per Idaho policy, a district may have ten (10) exempted fundraisers per school year per school site. Fundraisers requiring an exemption may not be longer than four (4) consecutive days in duration and exempt food and beverage items may not be sold in district food service areas during meal service. A designee of the School Wellness Committee will be available to meet with student fundraising organizations to communicate Smart Snacks standards should case-specific questions arise.

The Smart Snacks regulations do not apply to items sold during non-school hours, weekends, off-campus fundraising events, or foods intended to be consumed or prepared outside of school.

OTHER FOODS AND BEVERAGES IN SCHOOLS

Celebrations and Snacks

Classroom celebrations and snacks served during the school day or in after-school programs will emphasize healthy choices, such as fruits and vegetables, as the primary snacks and water as the primary beverage.

Schools will determine when to offer snacks based on the schedule for school meals, the nutritional needs of students, student age, and other pertinent factors. Schools that provide reimbursable snacks through after-school programs will follow the federal guidelines for the Afterschool Snack Program.

The school wellness committee will develop a list of recommended healthy snack and beverage items to provide to teachers, after-school program personnel, and parents. This list will be utilized when planning classroom snacks, school sponsored parties, social events, and school functions.

Food as Rewards

Teachers are discouraged from using food as a reward for students and will not withhold food or beverages as a punishment. The school wellness committee will develop guidelines for appropriate alternative reward systems that incorporate social rewards, recognition and praise, privileges, and opportunities for classroom physical activity or additional recess.

NUTRITION PROMOTION

The wellness policy includes specific/measurable goals for nutrition promotion using evidence-based strategies.

Vision Charter School will encourage students to make healthy food choices using a variety of nutrition promotion techniques which may include:

1. Encouraging staff to model healthy eating/drinking behaviors
2. Utilizing Smarter Lunchrooms techniques, such as signage and product placement, when appropriate and attainable
3. Sharing nutrient information with students, staff, and parents at the point of service and district website
4. Offering taste-testing and menu planning opportunities to students to teach them about healthy fruits and vegetables options and solicit input on preferences
5. Participating in Farm to School activities and/or implementing a school garden

NUTRITION EDUCATION

The wellness policy includes specific/measurable goals for nutrition education using evidence-based strategies

The school board will adopt and implement a comprehensive health and physical education curriculum in line with the Idaho standards for health and physical education. Additional standards-based nutrition education will be offered in each grade as either a stand-alone unit or integrated into other core subjects, such as math, science, language arts, and social sciences.

1. Curriculum will link nutrition education with the school food environment and focus on behavior-focused skills, such as meal planning, recognizing food groups, and reading food labels to evaluate the quality of different foods.
2. Classrooms, hallways, gymnasiums, and dining areas will utilize regularly updated nutrition and health posters and signage to educate students on nutrition concepts.
3. Nutrition curriculums will utilize culturally relevant and developmentally appropriate opportunities to apply learning in school-wide activities such as contests, surveys, promotions, food demonstrations and taste-testing, voting for recipe names, cafeteria design or décor challenges, farm visits, and school gardens.
4. Schools shall provide families with materials that allow parents and students to apply health and nutrition lessons at home.

PHYSICAL ACTIVITY

This district's goal is to provide opportunities for every student to develop the knowledge, skills, and capacity to be physically active throughout their life. This includes providing opportunities to

maintain physical fitness; reduce sedentary time; and develop and enhance social skills and self-esteem for students of all levels of physical ability.

The physical education curriculum will be aligned with state and national standards for physical education and be taught by a certified physical education teacher. Class sizes will be limited to a maximum of thirty (35) students per instructor and be offered one to two times per week. Waivers, exemptions, and substitutions will be considered on a case by case basis. A student substituting for physical education must demonstrate proficiency of physical education standards.

In addition to physical education, the district will provide other opportunities for physical activity for each grade by utilizing a comprehensive physical activity program plan which may encompass:

1. Active transportation to and from school.
2. Opportunities for physical activity before and after school, by providing intramural programs, interscholastic sports, competitive and non-competitive clubs with a physical activity emphasis.
3. Daily recess for elementary students and classroom-based physical activity breaks to increase focus or teach academic content via physical movement for all students.
4. Engaging staff, families, and communities to join and support physical activity initiatives.
5. To promote physical fitness for students, parents, and community members, the district may enter into joint or shared-use agreements with governmental entities and community organizations that allow school and/or community-based organizations to use the school facilities for physical activity and recreation programs outside of school hours.

Teachers and other school personnel are prohibited from withholding an entire recess or physical education as punishment.

OTHER SCHOOL-BASED WELLNESS ACTIVITIES

District goals regarding other school-based wellness activities shall include some or all of the following:

1. Providing professional development related to health, nutrition, and physical activity to staff
2. Developing and implementing a staff wellness program that encourages school staff to serve as role models to students and practice healthy eating, physical activity, and other healthful activities
3. Sponsoring health fairs, no screen time week, school-supported races or fun runs, family activities
4. Implementing and sustaining a school garden or activities that promote healthy eating via student participation
5. Evaluating the barriers to implementing Safe Routes to School to make it safer and easier for students to walk and bike to school
6. Initiating and sustaining a recycling/environmental stewardship program
7. Providing students, parents, and staff with mental health resources and prevention program information

MONITORING

Building principals or a designee will monitor and ensure adherence to the wellness policy in their school and will report rates of compliance to the superintendent or designee. The food service director will monitor and ensure that the school nutrition program complies with federal and state

nutrition and meal pattern guidelines and report such compliance to the superintendent or designee. The superintendent or designee is responsible for monitoring and ensuring compliance with this policy. Reporting of adherence to the wellness policy shall take place quarterly.

ASSESSMENT

At least once every three years the wellness committee will conduct an assessment and develop a summary report on district compliance. The assessment and report will include the extent to which the charter is in compliance with this policy, the extent to which this charter's wellness policy compares to model local school wellness policies, and the progress made in attaining the measurable goals of this policy. The report will be made available to the public at the district office and posted on the district's website, as well as provided to the school board, the school wellness committee(s), parent/teacher organizations, school administrators, and school health services personnel in the district.

NOTICE

The district will annually include this policy, and any updates in the student handbook and provide each student and parent/guardian with a copy of the student handbook upon enrolling in classes. The policy and the results of the triennial assessment will also be posted on the school website.

Healthy School Party Snack Suggestions

Students are taught in the classrooms about good nutrition and the value of healthy food choices. However, many times foods served in the classroom, in the case of a class party, are low in nutrients and high in calories. Below are some suggestions for healthier party treats:

100% juice, water/flavored water, fresh fruit assortment, fruit and cheese kabobs, 100% fruit snacks, vegetable trays, string cheese/cheese cubes, pretzels, low-fat popcorn, angel food cake, apples with fat-free caramel dip, yogurt parfaits (yogurt, berries, granola, layered), yogurt smoothies, yogurt in a tube (go-gurts), quesadillas with salsa.

Alternatives to using food as a reward

Kids learn preferences for foods made available to them, including those that are unhealthy. Poor food choices and inadequate physical activity contribute to overweight and obesity. Kids naturally enjoy eating healthy and being physically active. Schools and communities need to provide them with an environment that supports healthy behaviors. Below are some alternatives for students to enjoy instead of being offered food as a reward at school for performance or behavior:

- Sit by friends
- Watch a video
- Read outdoors
- Teach the class
- Have extra art time
- Enjoy class outdoors
- Have an extra recess
- Play a computer game
- Read to a younger class
- Get a no homework pass

- Make deliveries to the office
- Listen to music while working
- Play a favorite game or puzzle
- Earn play money for privileges
- Walk with a teacher during lunch
- Eat lunch outdoors with the class
- Be a helper in another classroom
- Eat lunch with a teacher or principal
- Dance to favorite music in the classroom
- Get “free choice” time at the end of the day
- Listen with a headset to a book on audiotape
- Have a teacher perform special skills
- Have a teacher read a special book to the class

COMPUTER USE POLICY:

Student and School Personnel Use: Vision Charter School supports the privilege of students and school personnel to have reasonable access to various information formats and believes it is incumbent upon students and school personnel to use this privilege in an appropriate and responsible manner. Access to the District’s electronic networks must be: (a) for the purpose of education or research and consistent with the educational objectives of the District; or (b) for legitimate business use.

Procedures and Guidelines: Vision Charter’s Technology Manager shall develop and implement appropriate procedures to provide guidance for student and school personnel access to electronic media. Guidelines shall address ethical use of electronic media, including the Internet, and issues of privacy versus administrative review of electronic files and communications and shall prohibit use of networks for prohibited or illegal activities, the intentional spreading of embedded messages, or the use of other programs with the potential of damaging or destroying programs or data.

User Contract for Students: The required ***Student User Contract***, which shall specify acceptable uses, rules of on-line behavior, access privileges and penalties for policy/procedural violations, must be signed by the parent or legal guardian and also by the student. This document shall be kept on file as a legal, binding document. In order to modify or rescind the agreement, the student’s parent/guardian must provide the School Technology Manager with a written request.

Responding to Concerns: School officials shall apply the same criterion of educational suitability used to review other educational resources when questions arise concerning access to specific databases or other electronic media.

Access Privileges to Electronic Materials: At Vision Charter School, access to electronic information/resources can range from read-only access to instructional software to full search capability of the Internet. For these reasons, the Vision Charter School Board maintains the right to limit access to software and/or documents found either on the Local Area Network (LAN), Wide Area Network (WAN) or the Internet, via technical or human barriers. The use of the District’s electronic networks is a privilege, not a right, and inappropriate use will result in a cancellation of those privileges. The system administrator (and/or building principal) will make all decisions regarding whether or not a user has violated these procedures, and may deny, revoke, or suspend access at any time. His or her decision is final.

General Standards for Users: The following standards are used as a general structure for student access to electronic resources. ALL students and school personnel will receive instruction covering Internet applications. A "Tech Request" will need to be submitted for installation of all software.

Students: Students are allowed to use network resources using a username and password login. This type of user login allows students read-only access to instructional software and data files. Students' access to the Internet is only available under the direct supervision of a teacher or an instructional assistant and with a release form signed by the student and parent or guardian. Students are not allowed to have unsupervised access to the Internet or e-mail at school. Teachers and students can set "bookmarks" which are tagged and pre-selected sites on the Internet. This enables a teacher to lead online sessions but provides students with parameters outside which they should not venture.

School Personnel: For all school personnel who have network access, an account(s) with appropriate rights will be established. This account includes access to electronic mail.

Right to Privacy: The School Technology Manager has the right to access information stored in any user directory, or on the current user screen. Users are advised not to place confidential documents in his/her user directory. Network management and monitoring software packages will be used to review progress and for security purposes by randomly accessing student and school personnel monitors. Encryption will not be allowed, any users with encrypted or hidden files will be denied further access to the network.

Misuse of Information Technology and the Law: Copyright: Most software and much of the information posted on the Internet are copyrighted. Before software can be loaded on a computer or fileserver, the School must have the legal right to install that particular version of the software. The software license will specify whether the rights purchased are for single user on a single workstation, for multiple users, or for multiple workstations. Software may not be copied or shared outside the provisions of the agreement with the software publisher. Distributors of software have the right to audit the School at any time to ensure compliance with licensing agreements. Violations of software licensing agreements may constitute serious infractions of federal law and the violator may be subject to civil and/or criminal penalties.

Network Etiquette: The user is expected to abide by the generally accepted rules of network etiquette. These include, but are not limited to, the following:

- a. Be polite. Do not become abusive in messages to others.
- b. Use appropriate language. Do not swear or use vulgarities or any other inappropriate language.
- c. Do not reveal personal information, including the addresses or telephone numbers, of students or colleagues.
- d. Recognize that electronic mail (e-mail) is not private. People who operate the system have access to all mail. Messages relating to or in support of illegal activities may be reported to the authorities.
- e. Do not use the network in any way that would disrupt its use by other users.
- f. Consider all communications and information accessible via the network to be private property.

VCS-Net Terms and Conditions (Including Internet Access) - Acceptable Use: Use of other organizations' networks or computing resources must comply with the rules appropriate for that network. Transmission of any material in violation of any U.S. or state regulation is prohibited. This includes, but is not limited to: copyrighted material, threatening or obscene material, or material

protected by trade secret. Use for product advertisement or political lobbying is inappropriate. Illegal activities are strictly prohibited. Using your VCS Internet account to play games, or download video or music to personal devices is not an acceptable use. The exception being any administrator or teacher allowances.

Rights, Responsibilities, and Privileges: This document of the *Electronic Resources Acceptable Use Policy* must be signed by all students and his/her parent or legal guardian. The purpose is to enable all users to understand clearly their responsibilities as users of the Internet via the VCS-Net. If you have any questions about these responsibilities, please contact the Technology Manager. If any user violates this policy, the student's access to the school's internet system and computers will be denied, if not already provided, or withdrawn and he/she may be subject to additional disciplinary action. The system administrator and/or the building principal will make all decisions regarding whether or not a user has violated this policy and any related rules or regulations and may deny, revoke, or suspend access at any time, with his/her/their decision being final. Actions which violate local, state or federal law may be referred to the local law enforcement agency. If the actions of the individual are also in violation of other District discipline policies, said student shall be subject to additional possible disciplinary action based upon these policies.

The following will have responsibility for dealing with such violations:

As a user of this community system, users should notify a network administrator of any violations of this contract taking place by others or outside parties; this may be done anonymously.

Loss of Network Services: A user account may be suspended or closed at any time as required. School personnel may also request the system administrator or Technology Manager to deny, revoke, or suspend specific user accounts. Revocation of unsupervised network and Internet access will be for a period of not less than one calendar year. Do not demonstrate the problem to other users. Keep your account and password confidential. Do not use another individual's account without written permission from that individual. Attempts to log on to the Internet as a system administrator will result in cancellation of user privileges. Any user identified as a security risk may be denied access to the network.

Each District computer with Internet access shall have a filtering device that blocks entry to visual depictions that are (1) obscene, (2) pornographic, or (3) harmful or inappropriate for students, as defined by the Children's Internet Protection Act and as determined by the Superintendent or designee.
